*Emphasizing* the need to ensure sustained and regular flow of goods and people into Occupied Gaza and welcoming the initiatives aimed at creating and opening humanitarian corridors and other mechanisms for the sustained delivery of humanitarian aid;

1. Strongly cCondemns in the strongest terms possible the outrageous attack-use of violence during the Israeli military operation in international waters by the Israeli forces against the humanitarian flotilla of ships, which resulted in the killing and injuring of many innocent civilians from different countries; comment: TK still wants to see the reference to the Israeli forces when condemning the use of violence. PA and PAK is OK with the EU proposal

- ALT. Requests the UN Secretary General to ensure a prompt, impartial, credible and transparent investigation conforming to the international standards on the violations of

comment: TK has checked with their capital and they are still under high-level instruction to insist on language as originally proposed. TK delegates showed openness to consider language that would establish a fact-finding mission under SG authority; PA and PAK can agree to both proposals to OP7 as mentioned above; \* also we have heard from some EU partners that the ALT, OP7 won't be acceptable for them.

~~NEW 8. Decides to authorize the President of the Council to appoint members of the international fact-finding mission, who should report to the Council of their findings in the 15<sup>th</sup> session of the Human Rights Council.~~
